

CONTEMPLATIVE RETREAT

TRANSFIGURING PATRIARCHY BY ATTUNING TO THE DEEP FEMININE

Patriarchy wounds both women and men... not in the same way or to the same degree, but it harms us all. What if we were to view patriarchy as essentially a collective loss of contact with the deep feminine and an imbalance toward valuing the masculine ways of knowing and perceiving reality? In this half-day retreat we will begin an exploration of the deep feminine and how the work of integrating feminine and masculine dimensions can greatly enhance our spiritual journey and understanding of what it means to be created in God's image.

If you are looking for a safe space to explore deeper questions about life and faith, want to learn about the integration of feminine and masculine as a tool of spiritual transformation, and/or desire an opportunity for quiet prayer, reflection and rest, then this retreat may be for you.
